Legislative Applications Developer

Salary Range \$20.50-46.27/hour with a comprehensive benefits package

General Information

This position involves scoping, design, programming, and maintenance of software applications for the Office of Legislative Research and General Counsel (OLRGC) and the Utah Legislature. Duties for this job include working with a small group of developers and support staff, to support and improve the legislative process and the award winning Utah legislative website (le.utah.gov). This is a full-time, exempt position.

Typical Tasks

Developing small, single function applications to support a work task, frequently involving integration with office automation applications. Participate in and sometimes take lead role in developing or improving larger scale application to support legislative business processes. Troubleshoot and provide bug fixes for existing applications. Add or modify functionality of existing application.

Skills / Ability to:

Work politely and effectively with legislators, staff, state agencies, and the public.
Communicate clearly, verbally and in writing, on paper and electronically.
Design, program and clearly document applications in a team project or single programmer environment.
Learn new languages and techniques as required by each project.
Understand business processes and formulate strategies to use technology and applications to improve effectiveness.

Desirable Background

Bachelor's Degree or Equivalent Training in Computer Application Development
Ability and Experience working with .NET and/or Java.
Experience with older versions of Microsoft development environments (Visual Studio 6.0 and MS Access 2003).

Applicants should mail, fax or email a resume and supporting material to:

Office of Legislative Research & General Counsel
W210 House Building
State Capitol Complex
Salt Lake City, UT 84114

Fax: 801 538-1712

Email: mallred@utah.gov

Deadline for application is July 25, 2008
